"The Life of the Girl in the Country" was the subject of an address by Miss Jessic Field, national secretary for

small town and country work, who asserted that the women are the real

progressive element in rural districts, and that to them the country must

look for its betterment.

The need of the association work in the country is not for buildings, she says, but for secretaries and automo-

biles. The country is so large that no building can be of use to more than a few people, and it is necessary

to deal with widely seperated com-

out the clogged up pores; neutralizes and dissolves the polsonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter and sift the poison out of the blood and drive it from the system.

You will find Croxone different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results.

An original package of Croxone costs but a trifle, and all druggists are authorized to personally return the purchase price if Croxone should fail in a single case. Three doses a day for a few days is often all that is ever needed to cure the worst backache, relieve rheumatic pains or overcome urinary disorders.—Advertisement.

AMERICANS ARE SHOT BY MEXICANS

Petty Officer and Sailor Killed by Chief of Police of Guayamas.

INVESTIGATION UNDER WAY

If No Provocation Was Given, Serious Consequences May

Washington, April 11.—The attention of the State Department, which lately has been given to a vexatious problem arising from the repeated wounding of American soldlers and other American citizens along the Mexican border, to-day was directed to the serious situation resulting from the slaying of a petty officer and a sailor from the battleship California at Guayamas. Charles D. Taylor, consular agent at Guayamas, in reporting the deaths to the department, said a strict investigation was being made. The shooting was done by the chief of police of Guayamas, and as American sailors going ashore in a foreign country invariably go unarmed, officials here will insist that the circumstances of the slaying be probed to the bottom. Washington, April 11 .- The atten-

If the Mexican authorities are unable to show that there was provoca-tion for the attack by the armed police, socious consequences may It was pointed out that the double killing might be taken as an indication "I will have to tell you what I have told other reporters who asked me the United States gives further consideration to the question of recognition of the Huerta government.

Guayamas, Sonora, April 11.—The killing here of J. C. Klesow and W. W. Corrie and the wounding of three other from Americant as Mazatlan that a cruiser be detailed to the Pacific port.

Anti-American feeling is said to prevail at other points down the west coast. This feeling is said to have caused the fight between American sailors and police here.

An official consular report from an morning says the Americans were in toxicated. The men are said to have been shot by the chief of police. For some time irritation on the part of Mexicans had been evident, admittedly caused by the presence in Mexican waters of American ships of war. All sailors permitted to go on shore leave had been given strict orders to maintain friendly relations.

Hearing of Rojas.

[Special to The Times-Dispatch.]

Mexico City, April 11.—The hearing of the treason charge against manuel Rojas was continued before a district judge here to-day. It is thought that the hearing livil be completed to-morof the union."

She was asked if there is really need for the association in colleges.

"The greatest need," she said. "By bringing girls who are in the formative stage under the beneficent influence of the association in their college days, they are better prepared to resist the Pino Suarez.
